

### UPCOMING DATES

w/c 14th Oct	Year 11/13 Reports Sent Home
14th & 15th Oct	Engineering Project Based Learning Days
23rd Oct	Year 10/12 PAT Tutor Parents Evening
25th Oct	College Closes

### COLLEGE DAY (MON - THURS)

8.30am - 8.50am	PAT
8.50am - 9.50am	Period 1
9.50am - 10.50am	Period 2
10.50am - 11.10am	Break
11.10am - 12.10pm	Period 3
12.10pm - 1.10pm	Period 4
1.10pm - 2.00pm	Lunch
2.00pm - 3.00pm	Period 5

### COLLEGE DAY (FRI)

8.30am - 9.30am	SMSC
9.30am - 10.30am	Period 1
10.30am - 11.30am	Period 2
11.30am - 12.00pm	Break
12.00pm - 1.00pm	Period 3
1.00pm - 2.00pm	Period 4

### CADETS

Joining the cadets sets you out from the crowd, with teambuilding, leadership and resilience qualities. The cadet force will now meet every Wednesday at 3pm. There are regular training camp residentials and all activities are supported by the 75 Engineers. Please speak to Mr Beggs or Mr Varey about joining!

### WORD OF THE WEEK

**Chron:** time (Greek word root)  
**Chronological** - arranged into order that events/things happened.  
**Synchronise** - to occur or cause to occur at the same time.  
**Chronic** - serious and long-lasting; recurring and difficult to change or solve.

### STUDENT LEADERSHIP APPLICATIONS ARE OPEN!

Applications are now open for the 2019/20 student leadership team. Over recent years, we have developed the team into a body that speaks for students and is actively involved in voicing feedback and guidance from the wider student community. Last year, our student leaders trained as peer mentors, led our anti-bullying pledge, raised over £300 for Children in Need by organising a 'sponge the teacher', and delivered valuable input into the student experience. This year, we want to make it bigger and better than ever before!

Application forms are attached to the Parent Mail bulletin. Any students in Year 10 - 11 who would like to join the team are asked to complete the application and return it to Mrs Garrett by Monday 30th September. Students in Year 12 - 13 are asked to complete the application and return to Miss Lawson by Wednesday 2nd October.

### DUKE OF EDINBURGH

Year 11 Duke of Edinburgh completed their Bronze Expedition last week (19.09.2019) in the Peak District with Mr Barber, Mr Gee and Mr Rigby. Feedback has been very positive and students were excellent during their expedition. Duke of Edinburgh is an opportunity for all students that will deliver key life experiences, build teamwork and friendships, and develop resilience and challenge.

### CADET WEEKEND

The UTCW CCF members are celebrating following the win of the Falling Plate Silver Medal at the North West Cadet Skill at Arms meeting held at Altcar Training Camp over the weekend of 21-23 September. The CCF has also welcomed new members from across the college, with a range of teamwork and skill building exercises, supported by 75 Engineer Regiment. The cadets are away on their training camp this weekend (28.09.2019). If you would like to join the cadets and develop yourself please speak to Mr Beggs. You can also follow the CCF on Twitter - @UTCWCCF.

### ARCHITECTURE STUDENTS EXPLORE NEW SIGHTS

Sixth Form Art students visited the new Warrington Market project to look at the impact that art and architectural design is having on the regeneration of Warrington town centre.

### MACMILLAN COFFEE MORNING

We raised over £80 for Macmillan Cancer Support with our annual coffee and cake morning. Students were able to buy cakes during their SMSC session and at break/lunch. Congratulations to Bev from The Hangout who won the star baker award for her amazing bake!

### PAT SESSIONS

	Year 10
Monday	Drop Everything & Read
Tuesday	Covering Letter & CV
Wednesday	Register, Read, Response
Thursday	Black History Month
Friday	Social Media Awareness

	Year 11
Monday	Register, Read, Response
Tuesday	Black History Month
Wednesday	Drop Everything & Read
Thursday	Employability Skills
Friday	Social Media Awareness

	Year 12	Year 13
SMSC	British Values	UCAS/ Apprenticeships
Friday Assembly	Black History Month	Black History Month

### WHO TO CONTACT?

#### KEY STAGE 4 PROGRESS LEADER

Lydia Garrett - lgarrett@utcw.co.uk

### YEAR 13 APPRENTICESHIP FAIR TRIP

Sixth Form students visited Old Trafford for an apprenticeship and careers fair on Thursday (26.09.19). Students had the opportunity to speak with a range of universities, including the Russel Group, red brick and modern institutions. Some of the UK's biggest apprenticeship providers also attended this event. Over the coming months we will work with Year 13 to secure their destination for September 2020.

### HOMEWORK REMINDER

Homework will be issued to all students in Year 10 and Year 11. Sixth Form students will be expected to complete work that is set by subject staff, alongside private study sessions. Please see the below timetable for details on when homework will be set. Failure to complete homework on time or to a satisfactory standard will result in an automatic same-day detention after college where the work will be completed.

#### Year 10

Monday	Tuesday	Wednesday	Thursday	Friday
Maths	Engineering Design	Art ICT	Maths	English
Science	English	Geography Computer Science	Science	Construction

#### Year 11 - Band A

Monday	Tuesday	Wednesday	Thursday	Friday

Science	Engineering Design Art ICT Systems & Control	Geography Computer Science Triple Science Sports Studies	Engineering Manufacture	Engineering Design Business Studies Geography Astronomy Systems & Control

#### Year 11 - Band B

Monday	Tuesday	Wednesday	Thursday	Friday
Science	English	Engineering Manufacture	Science	English
Maths	Engineering Design Art ICT Systems & Control	Geography Computer Science Triple Science Sports Studies	Maths	Engineering Design Business Studies Geography Astronomy Systems & Control

## DID YOU KNOW?

#### Annotated Sketches

These are design drawings that include explanatory notes to help the designer communicate more effectively with the client. They provide additional written information to support the drawings, for example, the type of material from which the product can be made, the name and colour of parts, or constructional details.

#### Batch Production

The limited production of a number of identical artefacts. This is where the manufacturer produces small quantities of similar products eg. local baker, small boat-builder, specialist car manufacturer. Mechanisation may be used in the process. For example, jigs and moulds may be used to speed up the process and make the products more precisely and more efficiently.

#### Mass Production

This involves manufacturing large quantities of the same product. The product can be part of a production line process whereby it moves through a number of stages in manufacture. At one time, many people were employed on production lines. However, many companies now use automation in some way to increase production and reduce costs.
