Thursday	Getting into the top university
Friday	Helping others session

	Year 12	Year 13
SMSC	Work Experience - Finding Opportunities	UCAS/ Apprenticeships Applications
Friday Assembly	Cheshire Fire & Rescue	Cheshire Fire & Rescue

WORD OF THE WEEK

Hydr: Water (Greek word root)
Hydrate – the process of causing something to absorb water.
Hydraulic – equipment or machinery which is operated by a fluid that is under pressure, such as water or oil.
Hydroelectric – electricity made from the energy of running water.

THINK DRIVE SURVIVE

Think Drive Survive is a short stimulating event for young road users, where they are exposed to the risks associated with being a driver, rider, passenger or pedestrian.

Think Drive Survive intends to play a significant part in reducing the amount of death and injury on our roads. It promote safer, more responsible attitudes towards road use by young people.

The course is presented by operational members of Cheshire's emergency services who will be at UTC Warrington on Friday 22nd November delivering the session to Year 12 and Year 13 students. This will take place from 9.00am - 11.30am and all students must attend.

RESIDENTIAL FUN FOR SIXTH FORM STUDENTS

Year 12 students have taken part in the residential as part of the National Citizen Service (NCS) programme. They stayed in North Wales where they took part in teambuilding tasks such as bushcraft, obstacle courses and high ropes. The NCS programme is an important part of life at sixth form. Employers tell us that by completing the programme and building those softer employability skills makes the students stand out from the crowd when applying for jobs, apprenticeships and writing personal statements. These are opportunities that are only available between the ages of 16 and 18. The students will volunteer in the community in the next phase of the course.

DELI BAR DELIGHTS

Ian and the catering team have reopened the SoGo Deli Bar which is now located in The Hangout. Students and staff can purchase fresh salads, wraps and sandwiches which are made to order. Please see the menu in this bulletin and make sure you take advantage of this fantastic food!

CADETS IN THE COMMUNITY

Well done to the members of our CCF (cadets) who spent time in the community last week selling poppies for remembrance. The team were based at Asda Cockhedge and helped raise money for The Royal British Legion. Thank you to Mr Beggs for organising and supporting the cadets.

SCIENTISTS VISIT DARESBUY LABS

Year 10 science students visited the Science Technology Facilities Council in Daresbury on Thursday (14.11.19) for a practical lecture about polymers and enterprise. The lecture was an opportunity for students to contextualise their science curriculum and understanding of plastics with real life demonstrations and interaction.

TECH CAREERS EVENT

Young Professionals UK have secured an exclusive evening with PwC on 6th December in Manchester. The event will be a focused 2 hour workshop for Year 12 and Year 13 students looking to get into the Tech or Accountancy Sector. During the event, students will take part in the workshops led by professionals, network with PwC staff and hear about work experience and degree apprenticeship opportunities. Some possible fast tracks may also be on offer!

PwC, No.1 Hardman Street, Manchester, M3 3EB
 5pm - 7pm, 6th December
 RSVP: lorenzo.raffaini@young-professionals.uk

CHILDREN IN NEED FUNDRAISING

Our student leaders organised a brilliant day of fundraising for the Children in Need charity on Friday (15.11.19). They've organised cake sales, raffles, sponsored runs and 'guess the teddy's name'. During Miss Culleton's assembly, students learnt about the great work that Children in Need does in supporting young people across the United Kingdom. Since 1980, over £1 billion has been raised to support disadvantaged children and young people across the country. Thank you to all for the donations to a very worthy cause.

Join our team today.
