

TRAFFORD CENTRE REGENERATION TALK

Year 10 students visited The Trafford Centre on Thursday (16.01.19) to hear a talk from Peel Holdings about the construction and engineering involved in the design and building of the centre which is one of Europe's biggest shopping and leisure destinations. Students also gained first-hand insight into the construction of a new bridge over the Manchester Ship Canal.

PARENT TRUSTEE VACANCY

UTC Warrington currently have a vacancy for a Parent Trustee/Governor to support in the running of the college. If you would like to stand for election please complete the pen portrait pro-forma and forms (sent via Parent Mail) and return them to college by post, by hand to reception or by email to mward@utcw.co.uk no later than 12pm on Friday 31st January 2020.

YOUNG ENTERPRISE CRACK NEW BUSINESS

Year 11 Young Enterprise students - Sonny Cassidy, Taron Kenny and Ali Al-Qashtari- have met with local business leader Chris Perkins who is also involved in the Young Enterprise charity. As part of their enrichment, the group have been meeting to plan and sell advertising space in UTC newsletters. Chris will be working with the group weekly, alongside Mr Gee.

UPCOMING DATES

12 6TH FORM WORK EXPERIENCE 3RD FEB

SMSC DROP DOWN DAY 7TH FEB

PROJECT BASED LEARNING DAY 13TH FEB

6TH FORM NOTICES

AECOM WORK EXPERIENCE

Nuclear Engineering company AECOM are seeking a UTC Year 12 student to work with them for two weeks in the summer term. Those who are interested must apply by submitting a CV and covering letter to Mr Hatherall or Mr Jevons. AECOM will then conduct interviews with potential candidates in February. More details are available on Microsoft Teams.

STUDENT LEADERSHIP

We are developing a small group of students who will be active student leaders around the college. They will work closely with Mr Hatherall to represent the 6th form and will also have an active role around the building. If you are interested, please speak to Mr Hatherall to express your interest.

UNIVERSITY TALK

The University of Salford will be in to deliver a guest lecture to all Year 12 and Year 13 on Wednesday at 8:30am about life at university.

DESTINATIONS DAY

Students in Year 11 had a full day sampling some of their options for September 2020. This included taking part in taster sessions in Science, Engineering, Cyber, Maths and Architecture. There was also an opportunity for all students to research future roles such as apprenticeships, complete a CV, apply for college and consider their next steps at post-16. Applications are currently being accepted for Year 12 at UTC Warrington. [Click here to submit an application form to secure your place for September 2020!](#)

PARENTS EVENING THANKS

Thank you to all Year 11/13 parents who attended Parents Evening on Wednesday (15.01.19). We understand these are important opportunities for you to discuss progress with our subject professionals. If you have any questions about progress and what students should be doing to achieve the best possible grades, please contact the staff via their emails which are available on our website.

TASTER SESSIONS SUCCESS

We had a brilliant night of taster sessions in engineering & civil engineering on Thursday (16.01.19) for our future Year 10 and Year 12 students. Feedback was very positive. Thank you to our future students and parents for attending - it was great to see you!

“The quality of teaching in the Sixth Form is good. As in the rest of the college, teachers are knowledgeable about their subjects and are respected by students.”

- Ofsted, 2019

Sellafield Ltd

Young Nuclear Engineer

Work Experience **Age 15+**

(Birchwood, Warrington)

Discover how men and women take on the world's most complex engineering challenges to transform the Sellafield site

- week-long placement in the Warrington office, solving real engineering problems
- awareness in Process, Mechanical, Control, Electrical & Instrumentation and Civil & Structural Engineering Design

- experience exciting and rewarding challenges with a clear vision of the future opportunities available in engineering
- gain valuable employability skills to future employers and education/training providers

Working as a project team you will experience first-hand how you use STEM subjects to work on a ground-breaking project alongside nuclear industry's experts...

Running weekly starting week commencing Monday 15th June 2020 to

Friday 21st August 2020

Please Note: Limited Spaces Available

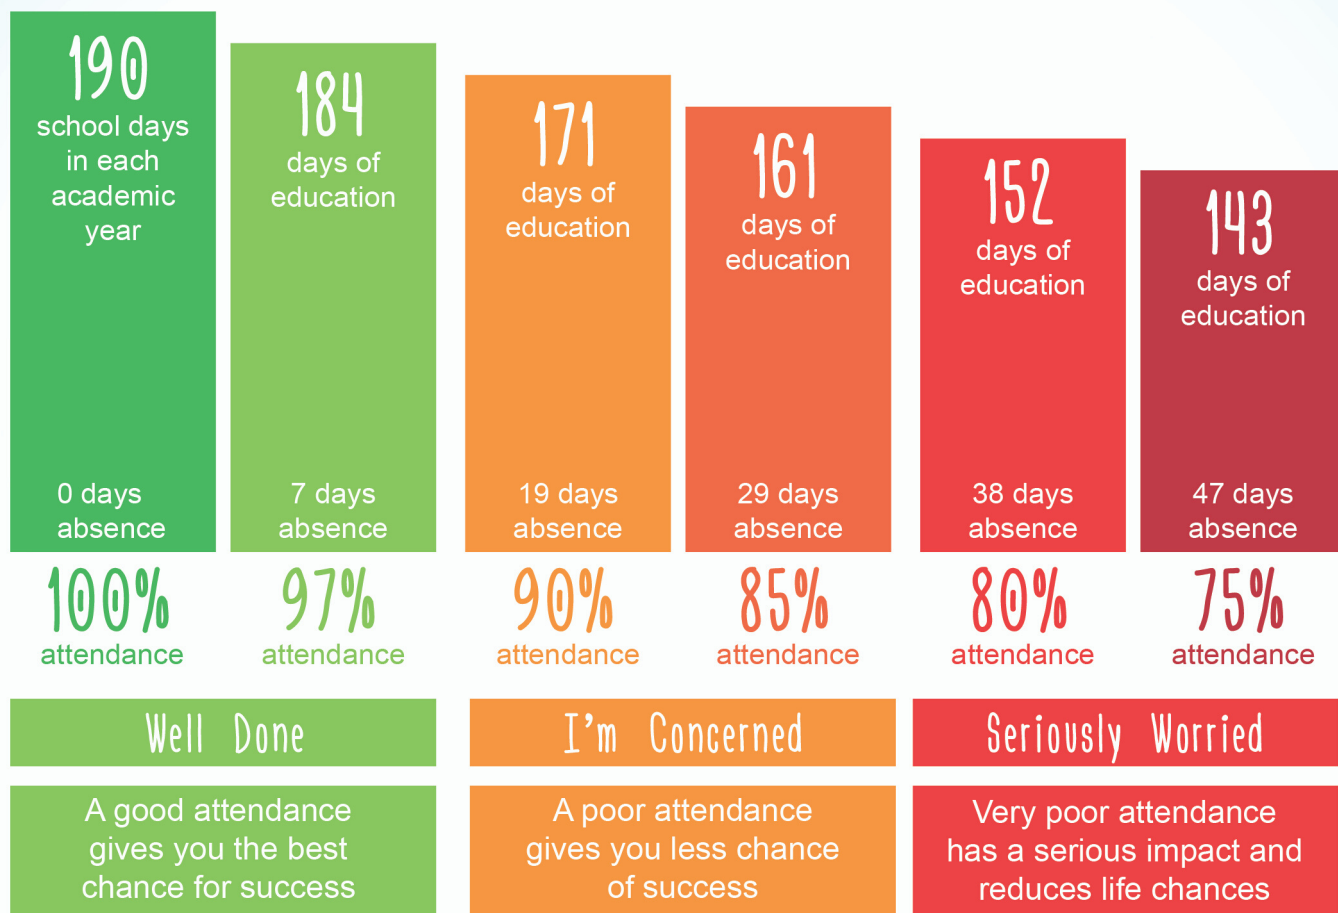

Age 15+

Attendance & Punctuality

Good attendance means being in school at least 97% of the time.

Employers are looking for reliable employees with good attendance and punctuality. Turning up to school everyday and on time shows employers that you are organised and have a strong work ethic.

Did you know?

Students who have good attendance can achieve their full potential and have better career prospects.

Did you know?

A two week holiday in term time means that the highest attendance a student can achieve is 94.7%.

Did you know?

Being late by 15 minutes each day is the same as missing two weeks of school.

There are
365 days
in a calendar
year

175 days
are not spent
at school*

*So there's plenty of time for holidays and appointments!

ITEMS DONATED TO BHF STORES WILL FUND LIFE SAVING RESEARCH

When Gabriela was born there were lots of things wrong with her heart. Despite a major operation when she was just five weeks old, she wasn't putting on weight and kept turning blue. Since then, there have been many more operations but she is improving and now enjoys P.E. and hula hooping.

Help continue to fund life saving heart research that can impact more children like Gabriela.

© British Heart Foundation, registered charity in England and Wales (225971) and in Scotland (SC039426).
