

CONSTRUCTION & THE BUILT ENVIRONMENT

pathway at UTC Warrington

Are you interested in how buildings work and what they look like? Do you want to contribute to saving energy and making a greener world? Our Construction pathway could be the right choice for you! Watch our Construction showcase video to find out more about this exciting pathway.

Choose a purely vocational pathway or a combination of BTEC and A Levels for apprenticeship or university routes.

Work with top industry employers like Lane End.

Cover an exciting range of topics including:

- Business Information Modelling
- Construction Design
- Managing a Construction Project
- Graphical Detailing
- ...and many more!

**Want to find
out more?**

Virtually meet our
Construction & the Built
Environment Faculty Leader,
Nicola Graham, on Thursday
25th March...register your place!
