

An Introduction to Microsoft Teams

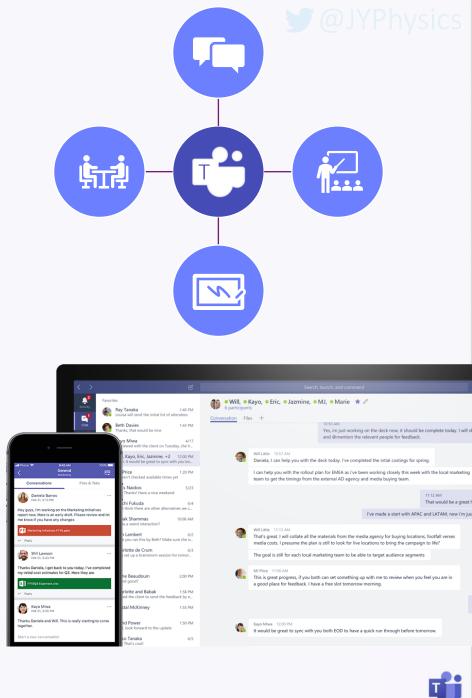

What is Microsoft Teams?

- Online software that can be accessed anywhere on any device.
- Teams = Classes

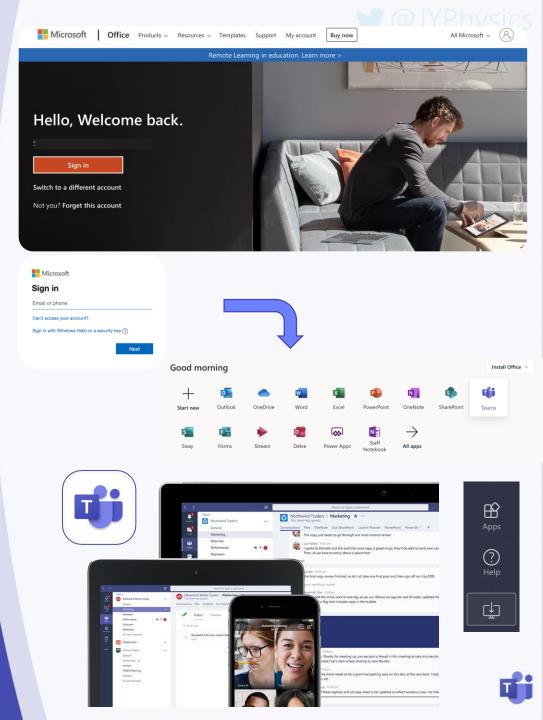

A way to communicate with your teachers

Share files and work

<u>How to access</u> <u>Microsoft Teams</u>

- Go to the Office 365Website
- You can then log in with your student Microsoft Account and then select Teams
- You can download the app on your devices

@JYPhysics

What you will see

- A grid of your different Teams
- You will have a different Team for each of your classes, you may even have classes for clubs!
- To open the Team just click on the icon

Inside the Team

- Each Team contains different areas called Channels
- In each Channel there are different sections or 'Tabs'
- 'Posts' is like a big conversation where you can comment on posts
- 'Files' is where your teacher may upload resources
- Assignments is where Tasks will be set

Writing a post

 If you want help you can ask a question to your teacher on Teams.

You can do this in
 'General' or in a
 'Help' Channel

If you @ your teacher they will get a notification.

<u>Files</u>

 Inside the 'Files' Tab your teacher may upload documents for you to use.

See the example on the right.

When you find what you are looking for you can download it!
