

Centre Assessed Grades Policy

FOR A/AS LEVELS AND GCSES FOR SUMMER 2021
UTC WARRINGTON

Policy Aims

The purpose of this policy is to set out how UTC Warrington will use the information collected internally from teachers and externally through moderation or public examinations to award learners in years 11, year 12 level 2 and year 13 with their final subject grades for the summer of 2021.

This is the second cohort of learners who will face extraordinary measures for how their grades have been calculated due to the Covid-19 Pandemic. As a result of the disruption caused to staff and learners due to the closure of colleges and thus having reduced face to face lessons.

On Thursday the 25th February, Ofqual announced how qualifications would be awarded during the summer of 2021. This follows on from their consultation launched on the 2021 exam replacement published on the 15th January 2021.

You can also read the statement from the DfE on awarding qualifications in summer 2021.

24th March, Ofqual issued information for centres about making objective judgements.

26th March, JCQ issued <https://www.icq.org.uk/summer-2021-arrangements/>

This policy and procedure may be subject to change as and when the DfE, Ofqual or the exams boards update their guidance.

Roles and Responsibilities

Head of Centre

- Our Head of Centre, Mark O'Donoghue, will be responsible for approving our policy for determining teacher assessed grades.
- Our Head of Centre has overall responsibility for the [school/college] as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

Senior Leadership Team and Heads of Faculty

Our Senior Leadership Team and Heads of Faculty will:

- provide training and support to our other staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their Faculty make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Head of Faculty Checklist is completed for each qualification that they are submitting.

Teachers/ Specialist Teachers / SENCo

Our teachers, specialist teachers and SENCo will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.
- securely store and be able to retrieve sufficient evidence to justify their decisions.

Examinations Officer

Our Examinations Officer will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.

Training, support and guidance

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year

Training

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

Support for Newly Qualified Teachers and teachers less familiar with assessment

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.
- We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- We will use substantial class or homework (including work that took place during remote learning).
- We will use internal tests taken by pupils.
- We will use mock exams taken over the course of study.

We provide further detail in the following areas:

Additional Assessment Materials

- We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.

- We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Faculty. Any necessary variations for individual students will also be shared.

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
 - Arriving at teacher assessed grades
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff from Aston University Technical College and Rudheath Senior Academy.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will include grades from international GCSEs (for example, in mathematics) because we have previously offered these.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021. This is to include:
 - Use of internal tracking documents;
 - Whole school SMID analysis;
 - Historical data from awarding organisations;
 - The ASCL school kit to compare to national averages.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken. To ensure this is in place, Heads of Faculty will liaise with the SENDCO and exams officer to ensure appropriate support is in place for each assessment. An internal record of the allocation of exams access support will be kept.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.

- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Faculty and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed; and

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Faculty maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades. This will include use of:
 - Head of Faculty template to record evidence and data: assessment record for each subject, rational for evidence and summary of evidence used, subject variation form, learner declaration form, presentation of historical data, exams access considerations (see Annex A);
 - Internal tracking systems;
 - School MIS data;
 - SMID data and analysis;
 - Exam access records.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors. This will include:

- Head of Faculty assessment records to show level of control for all assessments;
- Internal candidate record forms which include learner declarations that the evidence used is their own work;
- Exam paper assessments to be sat under exam conditions;
- Strong consideration given to assessments completed under high control;
- For work completed at home/remotely, work must be submitted by individual school email or Microsoft Teams account;
- Any evidence which is thought not to be authentic will be omitted and replaced by an additional assessment;
- Any variances in assessments are to be recorded on the JCQ variations for individual students form.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations [LINK] to support these determinations of authenticity.

Confidentiality, malpractice and conflicts of interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest
<p>This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.</p> <ul style="list-style-type: none"> • To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration. • Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - General Regulations for Approved Centres, 1 September 2020 to 31 August 2021.

- We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

Timeline and key dates:

The overall process for awarding grades in 2021 is illustrated below:

COMMUNICATING GRADES

In line with JCQ guidance, learners and parent/carers are not allowed to know the final grades pupils have been awarded by their teachers.

However, all learners will be made aware of the evidence used to determine their final grade. View of learners will be recorded as recommended by JCQ on an internal tracking system. Alongside this, learners will be encouraged to sign a candidate declaration form to confirm they understand the range of evidence used to determine their final grade and to authenticate that the work submitted is their own.

ADDITIONAL NOTES REGARDING THE DETERMINATION AND COLLECTION OF GRADES FOR SUMMER 2021

Over the course of study, various data has been collected about each learner’s performance and contextual situation. This includes whole school data such as:

- Year 11 full mock exam series which took place in December 2020;
- Year 10 mock exams which took place December 2019 and April 2020;
- Faculty tracking of summative, formative, low stakes testing over the course of study;
- NEA / portfolio/ performance assessment data;
- Weekly subject engagement and effort data collated during lockdown;
- Attendance to live lessons data from lockdown period;
- Attendance and COVID-19 response data (e.g. self-isolation/ illness etc.);

- Behaviour data stored on the school MIS.

TEACHERS FINAL STANDARDISED ASSESSMENTS

During March – May, all learners will be provided with the opportunity to sit four final standardised assessments across all subjects on the content they have been taught to date.

- The four final assessments will be conducted at the end of two-week cycles and a map of this will be provided to all students;
- During this period, students will have the opportunity to receive high quality face-to-face teaching and revision of the content that will be assessed;
- Additional assessments supplied by the awarding organisations will be used to support the assessment of content that has not yet been assessed;
- Drop down days will be put in place for the completion of NEA in Art and Design during Mid-April;
- Period 6 intervention will be offered to key students with gaps in knowledge, particularly disadvantaged students;
- The four final assessments will be in line with JCQ guidance on the use of appropriate evidence;
- Marking will be completed using the standardised mark schemes and will be subject to both internal moderation and some external moderation with a partner school (UTCW);
- Weekly CPD time will be offered to support staff (especially NQTs and RQTs) with exam updates, marking and moderation;
- On completion of all assessments, Heads of Faculty will then confirm the range of evidence that they will use to make a holistic, objective judgement about the students' performance on the subject content they have been taught over the course of study, ensuring consistency across the cohort except for any mitigating circumstances;
- All marked and moderated work will be stored securely in the onsite secure facility or stored electronically;
- HOF will be provided with a pack of key documents and CPD to ensure robust procedures are in place.

A. Centre policy portability

This section outlines our approach to the grades determined by this centre for Ofqual-regulated qualifications only where the requirements differ from those in my centre's jurisdiction.

- *Our arrangements for ensuring confidentiality of centre-determined grades for Ofqual-regulated qualifications are compliant with those outlined in the JCQ Guidance.*
